

WOODCREEK HEALTHCARE

Welcome to Woodcreek Healthcare! Whether you are an expectant parent, new to the Puyallup area, or simply looking for a new health care provider for your child, we are here to offer exceptional service to your family.

The mission of Woodcreek Healthcare is to serve the families who have entrusted their health to us by providing personalized, efficient, and thorough health care in a caring, friendly environment.

We consider it our ministry as well as our privilege to be a trusted friend of the family.

All of the providers at Woodcreek are board-certified and dedicated to providing excellent health care for infants, children, and adolescents. We offer same-day appointments, nurse advice by phone, online appointment scheduling and bill pay, new parent classes, lactation consultation, allergy & asthma education and care, and behavioral health services. We also offer walk-in urgent care services for adults and children at our Convenience Care Clinics.

Woodcreek offers guidance and health care for your child from birth. We offer expectant parents the opportunity to “meet and greet” their future pediatrician. Fifteen of our pediatricians have privileges at Good Samaritan Hospital.

Well baby and well child exams are a great way to track your child’s growth and development. We recommend a newborn exam at 3 days old and again at 7-10 days. After that, we recommend check-ups at 1 month, 2 mos, 4 mos, 6 mos, 9 mos, 12 mos, 18 mos, 24 mos, and once annually until age 18. Our well child exams meet the necessary requirements for sports and camp participation. We also offer all CDC-recommended childhood immunizations.

To make your first visit as smooth as possible, please review the new patient information on our website and complete any forms requested by the receptionist who scheduled your appointment. You will also need your photo identification, insurance information, and available copies of your child’s medical and vaccine records.

For more information or to schedule an appointment, call us at (253) 848-8797 or visit our website at www.woodcreekhealthcare.com. We look forward to meeting you and caring for your child!
